☎ +91 7981769643 ✉ [nagilgoutham98@gmail.com](mailto:nagilgoutham98@gmail.com)  [LinkedIn](#)  [GitHub](#)  [LeetCode](#)

## Education

### Chaitanya Bharathi Institute of Technology

2024 - 2028

*Bachelor of Engineering - Information Technology | CGPA: 9.62 / 10.0*

- Relevant Coursework: Data Structures & Algorithms, Object Oriented Programming, Database Systems, Web Development

### Sri Chaitanya Junior College, Bongloor

2022 - 2024

*Intermediate (MPC) | Marks: 98.2%*

### Bhashyam High School

2022

*School (SSC) | GPA: 9.8 / 10.0*

## Technical Skills

**Languages:** C/C++, Java, JavaScript, Python

**Web Development:** HTML, CSS, JavaScript, React.js, Express.js, Node.js

**Databases:** MySQL, MongoDB

**Libraries:** Bootstrap, Matplotlib, Seaborn, NumPy, Pandas

**Tools:** Git, GitHub, VS Code

**Concepts:** Data Structures & Algorithms, OOP, DBMS

## Projects

### IntelliFlow - Workflow & Performance Intelligence Platform | *React, Node.js, Express, MongoDB* | [GitHub](#)

- Built and deployed a multi-tenant workflow automation platform enabling organizations to create custom multi-stage workflows and manage business processes through structured approval pipelines.
- Implemented RBAC, organization-level data isolation, stage transitions, rejection handling, audit logging, and automated group assignments for secure and scalable operations.
- Designed analytics dashboards to visualize workflow performance, bottlenecks, completion rates, and team productivity for data-driven decision-making.

### SkillBridge - Skill Exchange Platform | *React, Node.js, Express.js, MongoDB* | [GitHub](#)

- Built a full-stack skill exchange platform enabling users to connect, request learning sessions, and collaborate based on complementary skills with JWT authentication and secure REST APIs.
- Developed session management features including skill matching, exchange requests, availability-based scheduling, ratings, and user reporting.
- Designed an admin dashboard for user moderation, report management, and platform oversight through scalable backend architecture.

### Intelligent Fake News Detection Web Application | *HTML, CSS, JavaScript, REST API* | [GitHub](#)

- Developed a responsive web interface to analyze news credibility in a hackathon, achieving 94% detection accuracy through integrated ML model evaluation.
- Integrated news APIs for real-time article retrieval and built UI components to display analyzed results clearly.

### CodeFlow - The DSA Visualizer | *C++* | [GitHub](#)

- Built a cross-platform terminal-based DSA visualizer in C++ with real-time ANSI animations, entirely from scratch with zero external libraries.
- Supports algorithms including Sliding Window, Prefix Sum, Two Pointers, Recursion, and Backtracking, with step-by-step animated walkthroughs and custom runtime input.

## Certificates

- **Oracle AI Cloud Infrastructure** - [Oracle](#)
- **Frontend Web Development Internship** - [Codesprint](#), Savna Tech
- **Java Programming** - [Scalar Academy](#)
- **React.js (Basic)** - [HackerRank](#)

## Achievements & Extracurricular Activities

---

### Competitive Programming

- Solved 450+ problems on LeetCode with a 400+ day continuous coding streak reflecting sustained algorithmic discipline.
- Earned multiple LeetCode badges recognizing streak milestones and consistent commitment to algorithmic growth.

### Hackathons

- COSC HacktoberFest 2024 & 2025 -Progressed from developing web applications in 2024 to building an AI-powered solution in 2025, contributing to a system that achieved 94% model accuracy. | [Certificate](#)
- Sudhee-HICON 2026 - Developed Acadex360, an innovative software solution, in a national-level hackathon, securing a place among the top 60 teams out of 400+ participating teams through effective collaboration and project execution. | [Certificate](#)

### Leadership & Volunteering

- Volunteer - Robovanza (Robotics Club of CBIT): Actively assisted in planning and organizing technical events and workshops for the student community.
- Member - Computer Society of India (CSI), CBIT Student Chapter: Participated in tech talks, coding drives, and knowledge-sharing initiatives.
